Information on Registration and Advising

Most of the full-time faculty members are academic advisors of students. Each student is assigned an academic advisor to help and guide in planning program of study. During the registration students are required to meet with the academic advisor who will advise them regarding registration the courses.

Students should register at the earliest opportunity because class sizes are limited. The academic advisors are present at the respective offices during the registration period. The financial guarantor/guardian of the student may come and visit the academic advisors to find out about the academic performance of their ward(s).

The students who are yet to earn 9 credits or on probation must go to their respective advisors to register their courses on their designated date for registration. Others will register for their courses by using iRAS.

Please note registration is valid if the fee is paid on time.

Add/Drop/ Late Registration Procedure

A student may add or drop a course after the registration at a designated date given by the Registrar's Office. The students who have earned 0-9 credit hours will have to go to their respective advisors to add/drop their courses on their respective date. Others will add/drop or late register their courses by using iRAS.

Minimum Credit Requirement per Semester

- The newly entering students are recommended to take 9 credits in a semester. These 9 credits shoud come from foundation courses in a PRESCRIBED SEQUENCE..
- Returning students are usually recommended to take 9 credits in a semester. However students may take a maximum of 18 credits in a semester. Furthermore, Students may also register for 6 credits in a semester and continue as a regular student.
- The rule that should be followed is that a student must clear all previously failed courses whether foundation or not.
- For the purpose of Financial Aid and Award a student needs to fulfil the required criteria specified in the policy.
- Additional courses must include foundation courses in A PRESCRIBED SEQUENCE. For example, if a student has failed in two non-foundation courses (totaling 6 credits) in the previous semester and she/he wishes to enroll for only 6 credits, they must re-take the two failed courses. If they wish to enroll for 9 credits or above, the additional courses must include a minimum of 6 credits from foundation courses in a PRESCRIBED SEQUENCE. Thus, if he/she is enrolling for 9 credits, the student will take 6 credits from the failed courses (retaken) and an additional 3 credits from foundation courses in a PRESCRIBED SEQUENCE. If he/she is enrolling for 12 credits, the student will take 6 credits from the failed courses (retaken) and an additional 6 credits from foundation courses in a PRESCRIBED SEQUENCE.

- If a returning student has no previously failed courses, he/she must take a minimum of 6 credits from foundation courses in A PRESCRIBED SEQUENCE until all 12 foundation courses have been completed.

A student intending to drop a regular semester is required to fill in a form for Leave of Absence available at the Registrar's office. A student may take leave of absence anytime within the designated year for graduation.

EXPLANATION OF GRADING SYSTEM

De-abbreviation of the Grades and their quality points for calculation of GPA/CGPA is as under:

Grade	Explanation	Quality Points
A	Excellent	4.0
A-	Excellent	3.7
B+	Good	3.3
B	Good	3.0
B-	Good	2.7
C+	Passing	2.3
C	Passing	2.0
C-	Passing	1.7
D+	Deficient Passing	1.3
D	Deficient Passing	1.0
P	Pass	0
R	Referred	0
F	Failing	0
I	Incomplete	0
W	Withdrawal	0
S	Satisfactory	0
U	Unsatisfactory	0
O*	Administrative Withdrawal	0
Y**	Audit	0
Z***	No Grades Received	0
Blank	Institutional	0
E	Examination	0
T	Repeated (Credit not allowed)	0
R	Repeated (Credit allowed)	-

- *A **'Y'** grade means audit. A student may decide to audit a course of his/her interest. In this case, the student pays the full tuition fee for the course, attends the classes, but is not required to sit for the exams or turn in the assignments. No credit is earned.
- **An **'O'** grade is given to a student who has been administratively discontinued by the management as a punitive measure.
- ***A **'Z'** grade is a system generated symbol assigned by the system if no grade is received within the deadline. A transcript shows the earned credit, grade status for course(s) taken at IUB and those transferred from other institutions. From Spring 2019, no Z grade is given. A student will instead be given an 'I' or 'W'.

Retake (R)/Repeating a Course

- A student may retake a course for improvement of CGPA within next four semesters of the original course registration. However, a course must be retaken in the immediate successive semester if the grade received is F or less than the minimum acceptable pre-requisite grade in the School/Dept of the student.
- In the event of a retake the latest grade earned by the student will be considered towards counting of the CGPA.

- Students will be allowed to retake any course twice only.

Fail (F)

- For failing in a course 'F' grade will be awarded and will remain in the transcript even when a student retakes the same course and receives a passing grade.
- Failing in the same course thrice will lead to cancellation of admission. However, in order to continue at the University, the student may change majors or Schools depending on the failing course(s).
- Having 'F' grade in a non-mandatory course will not hold back a student's graduation.

Incomplete (I)

- **'I'** will be awarded to a student who has attended and 75% classes and have a very strong and valid reason ascertained by the senior management for not appearing the final examination. However, awarding of Incomplete or '**I**' grades should be strongly discouraged**.**
- In situations where a student is unable to complete the course due to unanticipated illness or family emergency and has not attended at least 75% of the classes held, he/she will be asked to withdraw from that course and repeat it.
- In unavoidable circumstances where students have completed 75% of the classes but are unable to continue due to illness or extreme family emergency, instructors are requested to give the student a composite grade based on assignments/tests that have already been completed and any additional assignment/exam that the instructor feels necessary.
- The student should fulfill the requirement before the end of the following semester in consultation with the course-instructor, failing which the grade converts to **'F'**. The student is **not required** to register for the course in the next semester.

Withdrawal (W)

- A 'W' grade means withdrawal from a course.
- A student may decide to withdraw from a course by the deadline time to time specified by the university.
- If a student misses a total of eight classes out of a maximum of 24-26 in a course, s/he will end up automatically with a W grade. However, a student may continue attending the classes even after being automatically withdrawn for missing classes and sit for final exam. In such case s/he has to apply to the Registrar's Office with adequate supporting papers in favour of his/her claim at least one week before the final examination week of the Semester.

  Please note: Office of the Registrar reserves the right to deny such claims depending upon the authenticity of applications.

Probation

- A CGPA of less than 2.00 will result in the student being placed on probation and such a student must immediately consult his/her Academic Advisor.
- If the CGPA is below 1.50 and the student is on probation for two successive semesters at the end of which his/her admission to this University is cancelled.
- If the CGPA is 1.50 or above but still below 2.00, the student is permitted to continue for one more semester on probation. By the end of this third semester in probation, the student must increase the CGPA to 2.00 or above; otherwise his/her admission to this University will be cancelled.

CODE OF CONDUCT

Identity Cards

Students will not be allowed to enter the University premises without a valid RF Identity Card (RFID). Students are advised to collect the RFID cards from Office of the Registrar after payment of the fees.

Personal Conduct

Once a student makes a choice of being a student of IUB, the student becomes a part of the IUB community. This community includes the student body, faculty members, and the administration. The relationship of the student with the IUB community is based upon mutual trust, personal respect and individual integrity. They shall demonstrate respect for all members of the IUB community as individuals, avoid exploitation of fellow community members and make every effort to foster academic conduct.

Students are expected to become their best selves and to work consciously towards bringing forth the best in others. It is expected that students clearly understand that while they are in IUB they bear the name of the University. All behavior therefore must reflect this reality in the social, civic, educational, and living environments in which they find themselves. Students are expected to be involved in the educational process that extends beyond the classroom as they design, create and participate in educational opportunities with and for other members of the University and civic community.

The commitment to and involvement in the educational process at the University means that all aspects of human living are to be viewed as opportunities to teach, learn and grow. In pursuance students must always abide by all rules and regulations of the University.

All students shall abide by this guideline 'Code of Conduct' at all times during their association with IUB. The term 'University' shall mean any physical property owned or rented by the University to conduct its activities. The term also describes any other property where the University would be conducting its field activities, such as picnics, field trips, Live-in field experience, etc. As all students carry the name of the University even when they are off-campus, and not engaged in any University related activity, all students are held responsible for their behavior off-campus also. Therefore, the University is free to take punitive action against any students for any act of indiscipline committed on off campus.

Offences*:* Conduct of students which are subject to penalty includes, but is not limited, to committing, assisting or participating in the following offences:

1. **Plagiarism**. Plagiarism is a form of academic misconduct in which an individual presents the work of another person as his or her own. An important function of a University education is to equip students to appreciate and practice scholarship. It is in this context that the work submitted by a student must be their own. However, when excerpts are used in paragraphs or essays, the author must be acknowledged through footnotes, references, bibliographies or other accepted practices.

2. Submitting the same essay, presentation or assignment more than once whether the earlier submission was at this institution or another institution, unless prior approval has been

obtained.

9. Preventing, hindering or disrupting visitors to the University from carrying out their lawful business.
